

Pistons & Rings

High wear resistance for longer life • Uniform skirt clearance • Efficient swirling for better combustion of fuel • Low oil consumption • Dimensional accuracy for durability, reliability & perfect interchangeability • Minimum blow-by • Effective sealing

Leyparts stands for the comprehensive range of genuine spares for Ashok Leyland vehicles and engines with 100% conformity to OE specifications. Leyparts are easily available through an extensive network of Ashok Leyland Dealers / Distributors and also the Retail outlets across the country.

Pistons & Rings

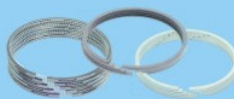

Pistons for Hino 6E / 4D engines

Pistons for AL - 412 engines

Pistons for Hino BS2 engines

Piston Rings for all AL & Hino engines

Look for Original Leyparts Pack

Leyparts Pistons

- Dimensional accuracy ensures reliability, durability and perfect interchangeability.
- Perfect micro structural composition of material ensures high ability to withstand thermal and mechanical stresses.
- Graded weight and optimized combustion chamber design enables complete combustion, low fuel and oil consumption, minimum blow-by.

Leyparts Rings

- Tangential Load Tester ensures tangential load at requisite closed gap for low oil consumption.
- Profile Projector ensures correct width, included angle and profile to control blow-by.
- Ball Micrometer checks the radial thickness to ensure effective sealing.
- Light Ray Ring gauge tester checks closed gap of ring and circumferential gap. This ensures low wear and hence high durability.
